

## Chef le Grande's Wine Pairings

At our Wine & Food Pairing Events, the chef presents an assortment of dishes to pair with hand-selected wines, and guests enjoy a fine food presentation in their own, or holiday, premises. Her expertise and inspiration creates a relaxing and Unforgettable French wine and food experience.

### Tailored food and wine Dinners

If you wish for a fully catered food and wine dinner, the chef would be pleased to tailor the event to your chosen foods. She will happily design your own a pairing menu, and provide a wine tasting accompanied by a delicious meal, which will perfectly complement the wines. Full meals with tastings can be Designed around your preferred wine varietal, or food, or both.

### Tasting Menu Examples

50€ per head

For parties of 8 and above

(Smaller parties by negotiation)

### Wine Pairing A

Smoked meats, smoked fish and charcuterie.

As we taste wines that pair well with these flavours, we discover the Elements in the wine are perfectly matched to these foods.

Which wines match well with smoked French meats, smoked fish, Raw cured hams and deli meats, and why.

### Wine Pairing B

This popular, bespoke wine and cheese-pairing event will look at your local cheeses and give surprising and delightful alternatives to port, or full bodied red wine.

What is the perfect partner to Roquefort? Or that delicious Christmas treat of baked Vacherin Mont D'Or? And what would be a perfect dinner party surprise for a cheese board featuring French goat cheese from soft and creamy to the hard, nutty crottin?

### Wine Pairing C

Main courses with wines - eat and drink like the French.

What would you choose to match your classic Dordogne duck and prune dish? What is the natural pairing for your Perigord truffle dish? Unlock the mystery of how to pair these French delicacies with wines that will not break the bank. Foie gras - what is the ideal wine partner for this Perigord delicacy? We taste wines and discuss Why some wines work and others simply do not.
